## RUMP STEAK

The rump steak is characterised by its typical fat rim. This gives the muscle meat underneath a wonderfully rich flavour. This makes the rump steak one of the most popular steak cuts of all.

### GROSS WEIGHT

180 g | 23,50

250 g | 27,50

350 g | 38,50

## BEEF FILLET

The finest cut from the beef loin. As the back muscle from which the fillet is cut is hardly ever used by the cow, the meat here is particularly tender and therefore very popular with many steak lovers.
